VOL. 11.

RENO, WASHOE COUNTY, NEVADA. WEDNESDAY MORNING, MAY 14, 1879.

NO. 29.

YANKEE DODGE'S notion store Virginia street, next door to Cunningham & Gibson, where can be found all those little articles so indispensable to every well regulated household. It would be useless to try to enumerate for there is no limit to the assortment. We intend to keep everything that there is a demand for. Trusting our old customers will call again, bring their friends, and for our part we promise to supply their wants at the lowest possible rates. **YANKEE DODGE & Co. ***

An originally good watch will always remain good, as long as a real watchmaker handles it. A watch only gets ruined by men, who adopted the title "watchmaker" but actually know nothing about. Our best and most experienced watchmaker is Mr. Wm. Goeggel. He has not adopted the name but has earned it by long apprenticeship, study, and practice.

FIRE-CLAY CHIMNEY PIPE.—The cheapest and best flue in the world. Never smokes, is light, neat and durable. For prices etc., inquire of R. V. Borden Agent.

A. H. MANNING—Has received a carload of Cumberland coal, Cave Valley lime, plaster and hair. Also has his tin shop in working order in the rear of his brick store is prepared to do all kinds of work in that line. *

Wm. Goeggel the practical watch maker and jeweler, with a select stock of watches, clocks, and jewelry, is to be found on west side of Virginia street, Reno Nev. *

Sol Levy does not sell on credit but he gives you plenty of goods for little money.

Fresh strawberries received every morning and the choicest fruits, candies, tobacco and cigars at Burchard & McClelland's, Commercial Row.

Sol Levy marks all his goods in plain figures at prices which defy competition.

TELEGRAPHIC SPARKS!

The vote in the House on passing the military interference bill was 127 to 97.

The usual Democratic indignation over the President's veto is telegraphed.

A family row has broken out among the directors of the Pacific Steamship Company.

Andrew Minning a dissipated factory operative at Danielsonville, Connecticut, in a quarrel with his wife, yesterday morning, chopped her head open with an ax, killing her instantly.

Mrs. Charles Merrihew, living near Deer River, N. Y., who was supposed to have poisoned her brother-in-law and husband, has confessed the Coroner an attempt on her husband's life and virtually admits killing the brother-in-law.

The Income Tax bill was defeated in the House. Yeas, 104; nays, 94—not the necessary two-thirds in the affirmative.

The London papers speak of Mademoiselle Nevada, a new American star from the West, achieving triumphs in the Vienna salons.

It is reported that Loyd Tevis, D. O. Mills and Senator Sharon have gone East, ostensibly for the purpose of negotiating the sale of Wells, Fargo & Co.'s Express to one of the Eastern companies.

The bill by Representative Buckner, fixing the compensation of the President of the United States, provides that, after the expiration of the present term, the salary of the President shall not exceed \$25,000 per annum.

The Utah Post of the Grand Army of the Republic passed resolutions strongly condemning the Mormons for trailing the American flag in the dust on Tuesday in their traitorous demonstration.

A Committee of the New York Legislature is investigating the discriminations question, and have divided the question into four heads.—First, discriminations against individuals; second, discriminations against localities; third, discriminations against the State; fourth, the general relations of the railroads to the public.

It was suggested a day or two ago, that the California Legislature to be elected in September next would have the selection of a United States Senator, to take the place of Senator Booth.

It is said of Northern Texas by the Dallas Herald that the tillers of the soil there have far more provisions than they have any use for; always have corn and meat for sale, and their cotton and cattle crops come in as clear profit.

There is much heated comment in Democratic circles in Washington concerning the veto, and although all concur in expressing the opinion that their party has gained a great political advantage by the President's broad acceptance of the issue presented to him, there is nevertheless great diversity of counsel in regard to the proper course to be pursued respecting the furnishing or withholding the customary appropriations.

The authorities of the State of Nevada are making preparations for a stringent enforcement of the law against opium smoking—a vice introduced by the Chinese and largely practiced by young men and women, and even boys and girls, in this State.

EDITORIAL NOTES.

Six words have caused all the wrangling in Congress and necessitated the extra session. These words are "to keep peace at the polls." This prerogative of the President does not suit the Democrats, for it interferes with their plans down South, hence their anxiety to withhold that power.

We have carefully read the Salt Lake Herald's (Mormon) account of the "outrage" done Daniel H. Wells, who was punished for contempt of court in refusing to testify in the Miles polygamy case.

The Southern planters are so alarmed at the exodus of the blacks that they are taking desperate means to stop it. Every person who is found advocating the move is either fearfully maltreated or killed outright.

The returns are not all in yet from the outside California counties, but the majority for the new Constitution will be about 10,000. Just as our sister State is catching her breath after this fight she sees another important political fight to wage—that of electing her Congressmen, State and county officers.

We are in receipt of Panama papers from E. E. Hunter, containing an account of the recent riot there. A little jealousy between the officers of the army was the cause of bloodshed, and before the affray ended thirty-five were killed, a number wounded and a general terror prevailed.

We have had a change at last. One murderer admits his guilt on the scaffold and thought he deserved hanging. This testimony is almost enough to liberate him.

Did the thought ever occur to the Democrats that if they would quit their cussedness down South the time-honored election laws would be no more obnoxious to them than it is to the North?

WON'T HAVE IT.

Kearney made his usual speech at the sand lot on Sunday. He declared that they could not "ring in" any New Constitution party on the Workingmen.

A German physician has demonstrated that early rising is a very bad habit, and we quite agree with him. He demonstrates that if a person wishes to live to a ripe old age they should not retire until the early hours in the morning and then remain in bed until the day is far advanced.

A boy at a recent examination in an English school was asked who discovered America. "I wish I may die," says a British editor, "if he didn't answer Yankee Doodle!"

LIFE ON THE OCEAN.

Ben Hunter sends us the following account of his trip from San Francisco to New York:

NEW YORK, May 4th, 1879. Left San Francisco April 5th, at 12:35 p. m. on steamer Granada, Captain Caverly, for Panama; 44 cabin and 23 steerage passengers, 1,993 tons of freight and \$399,879 treasure. April 9th, 3 p. m., exchanged signals with steamer City of Panama, bound north; April 10th, 6 p. m., passed Cape St. Lucas; April 11th arrived at Mazatlan and took on 50 tons of freight, 5 cabin and 2 steerage passengers; sailed at 1 p. m. and arrived at San Blas April 12th at 1:20 a. m.; weather very hazy, and we had some trouble finding port; left 1 cabin passenger and 26 tons of freight; sailed at 5:30 a. m. Arrived April 13th at Manzanillo, discharged 35 tons of freight and received about the same and a theatre comique troupe of 25 persons from City of Mexico, and 6 passengers for Acapulco; sailed at 6:40 a. m. April 14th, 10 a. m., arrived at Acapulco, discharged 65 tons of freight and transferred 204 tons to steamer Salvador; sailed at 8 a. m. April 15th; April 16th exchanged signals with steamers China and Coloma, both bound north; April 17th, 2 p. m., arrived at San Jose De Guatemala. Had to wait for some 6 hours for launch to get along side for passengers and freight; left our comique troupe and 4 passengers, 2 for the city of Guatemala, 90 miles in the interior; sailed at 5:30, April 19th arrived at La Libertad; sailed at 6:45 a. m. for Punta Arenas, and arrived there April 20th at 12 m. Had to wait some 6 hours to get the Mexican Custom House officials woke up (Easter Sunday had a big drink), discharged 2:40 tons of freight, sailed at 6:30, passed Cape Malo at 6 a. m. and arrived in Panama bay at anchor at 4 p. m.—all well.

Had a pleasant trip; Mrs. Hunter sick all the way; but your humble servant took in every meal they put in sight; but sometimes we had to herd the grub up in one corner on the floor and hang to it to keep it within bounds.

Things looked somewhat bilious in Panama. They killed some 35 or so and wounded more, but those we saw did not need shooting, you could knock them down with a feather. We stayed in Panama until the morning of the 24th; took the 7 a. m. train for Aspinwall via Panama Railroad; arrived at 12 and sailed the same morning for New York by steamer Crescent City. Had a heavy head wind the first 5 days; could not see the sun. On the eve of the 29th we sighted San Domingo. The next morning sailed along the Island of Cuba; from that time had splendid weather and arrived here safe and sound at 9 a. m., May 3d, making the trip in 29 days. Mrs. H. sick as usual from Panama to New York. I send you copies of the Panama Star and Herald, with the accounts of the riot in Panama. Our compliments to all in Reno. Will try to get back some time in July. Leave here for Washington on the 7th.

B. E. HUNTER.

NEWS NOTES.

The yellow fever has appeared at Port-au-Prince.

Binghamton, New York, has just had a \$60,000 fire.

Twenty-two hundred bills have been introduced into Congress at this session.

The Kearneyites of New York will hold a mass meeting on Thursday evening.

Another revolution at Bryan, Texas. The jail birds go out and the jail keepers go in.

Andrew Minning, of Danielsville, Connecticut, killed his wife with an ax yesterday, then suicided.

Out of love for her cousin Mrs. Charles Merrihew, of Deer River, New York, killed her brother-in-law and attempted the life of her husband.

Both the captain and pilot of the ill-fated Great Republic have been suspended by the proper authorities—the first for six and the latter for twelve months.

The House, by a vote of 101 yeas to 109 nays, refused to suspend the rules and pass the army appropriation with the political section omitted, and at 4:30 adjourned.

The supposed to be knowing ones apprehend that the Democrats will now pass the Legislative Appropriation bill with great restrictions, the Army bill be allowed to fail, and Congress will take a recess until December.

Ex-Senator McDonald of Arkansas represents his State as in a poor condition. "I took a fortune there," he says, "and have lost most of it. I bought plantations which were thought to be dirt cheap at \$30,000, and have offered them at \$10,000 apiece and had no takers. They can't sell their land until people with means are willing to accept the society, and that I don't believe the Northern people will do in any numbers until there is more general intelligence."

CATARRH IS IT CURABLE?

THOSE who have suffered from the various and complicated forms of Catarrh of the Bladder, and have tried many physicians and remedies without relief or cure, await the answer to this question with considerable anxiety.

IT CAN BE CURED. It can be cured. There is no doubt about it. The immediate relief afforded by Sawdon's Radical Cure for Catarrh is a sufficient evidence of what may follow a persistent use of this remedy.

Indorsed by a Prominent Druggist. I hereby certify that Mr. Lawrence purchased the RADICAL CURE of me, and from time to time made no complaint with his case. I believe his statement to be true in every particular.

Each package contains Dr. Sanford's Improved Inhalant Tube, and full directions for its use in all cases. Price, \$1. For sale by all wholesale and retail druggists and dealers throughout the United States and Canada.

S. M. JAMISON, M. P.

Refuses to Leave.

Edwin Spears, who had a reception at the hands of the 601 last Sunday night, refuses to leave, notwithstanding the orders to be scarce in twenty-four hours. He declares he does not value his life at all, nor will he leave, even if his neck runs a risk of being stretched. We do not know what will follow this proceeding, but judging from past observation we should judge that Spears has an uphill fight to make. Better join Jones.

P. S. Spears has concluded to leave, and has taken himself to other scenes. Ta-ta.

Baptist Church.

The foundation of the new church to be erected by the Baptist is being laid. The new edifice will be the full size of the lot 50x40 feet, which is considerably larger than the building destroyed two months ago. The same lot will be used, because a more eligible spot could not be secured. Thus will the JOURNAL office continue to be close to the other good places.

Railroad Accident.

The east bound overland and the lightning train did not come in until nearly 11 o'clock yesterday forenoon, owing to an accident which happened to No. 6 freight, which run over a horse and got ditched at Bronco. Sixteen freight cars were smashed up.

Stocks were still stronger at the 4 p. M. session yesterday.

The Tar Bucket.

Whenever anything occurs on this coast that ought to be punished the papers immediately suggest the Reno tar bucket. In fact it has become so general that one can scarcely pick up a paper without seeing the suggestion made. Such is the reputation Reno has attained abroad because of her peculiar method of securing peace. The event of Sunday night brings all these things up fresh again. To the people of Reno the tar bucket is respected, because it never yet failed to do its work effectually and economically. Drunken Indians were becoming so numerous that the question was often raised where they secured so much liquor. Squaws beastly intoxicated, were daily sights. This thing will stop now. Spears may be innocent or he may be guilty, but one thing is certain, the custom of selling whisky to Indians will not be carried on like it has been. If the miscreant who tried to fire the Ohio House Monday morning was caught, we fear that the time-honored tar bucket would not be called into use, but that a telegraph pole would bear an unusual fruit.

Bereavement.

Yesterday afternoon Donald McKay, our esteemed townsman, had the great misfortune to lose his wife. Mrs. McKay was taken ill about a week since, and although very sick from the first, on Sunday last her anxious friends feared each breath would be her last. Still she lingered on, in great agony, until death came and relieved her of her sufferings. We extend the afflicted family our sincerest sympathies.

Red Cross.

The new lodge starts out with flattering prospects. There are now 75 names on the roll, of whom about 50 have been initiated. The old lodge has surrendered its charter and become a part of the new encampment. They report their new organization as the most promising ever had in the town.

Convicted.

Joe Ching and Lee Ching assaulted another mooneye down in the classic precincts and were arrested. The trial was in progress yesterday afternoon, and resulted in a verdict of conviction as charged. Sentence will be given this morning at 10 o'clock.

John F. Myers.

This gentleman makes a proclamation this morning, in which he sets forth that he has opened his large stock of fresh pure drugs, in the Marshall block, next to the Postoffice. A long acquaintance with Mr. Myers warrants our hearty recommendation.

Fourth of July.

There is a general desire on the part of the residents of Truckee, Wadsworth and surrounding places that Reno have a grand Fourth of July celebration this year. We know of no reason why we should not. So suppose we start in?

Compliments.

We thought Isaacs would not forget the printer. Our thanks are due for half a dozen bottles of fine champagne. Long life and a happy one to the newly married couple.

"Hotel Beats."

Our boarding house keepers complain that all the profits are lost by men who never miss a meal or pay a cent. Notwithstanding the utmost caution a large number leave town every month, without paying their board bill.

Funeral Notice.

C. A. Simmons will be buried from the M. E. Church at 2 p. m. to-day. All Knights are requested to be at their Hall at 1 o'clock.

S. A. Hamlin, Agent Truckee Lumber Company, has removed his office and yard to the corner of Plaza and Lake streets, near C. P. track where he keeps constantly a large assortment of lumber (both clear and common.) Doors, sash, mouldings, shingles, fence posts, etc. Orders filled with promptness either from yard or direct from the mill at Truckee.

STRAES of dark colored sulphurets lead at an angle of about a hundred degrees, which seems to indicate that the west wall is widening out.—Evening Gazette.

So it reads in a mining article. One hundred degrees! Who ever heard of it before?

Buckley & Hearsch, of Truckee, have concluded not to open a saloon in Reno; so the Burke brick, formerly occupied by Grey & Isaacs, is for rent.

Col. Sam T. Curtis, Supt. of the Justice; also of the Con. Esmeralda, came down from Virginia yesterday, and visited the last named mine.

JOHNNY SKAE, of Sierra Nevada fame, arrived here yesterday from below, and proceeded to Virginia by private conveyance.

The Reno Workingmen propose to hold a ratification meeting soon. They are tickled over the result of the California election, hence the blow out.

Stocks were a little better yesterday.

Annual Meeting.

The annual meeting of the stockholders of the V. & T. R. R. was held in Virginia City yesterday. The following Trustees were elected: D. O. Mills, William Sharon, H. M. Yerington, I. L. Regua, F. A. Tittle, J. P. Martin, D. L. Bliss, W. H. Blauvelt and B. C. Whitman. The board of Trustees then elected the following officers: D. O. Mills; President; H. M. Yerington, Vice-President and General Superintendent; W. M. Thornton, Secretary; Bank of California, Treasurer; D. A. Bender, General Freight and Passenger Agent; Whitman & Wood, attorneys; H. Hunter, Master of Transportation; C. P. Mason, Purchasing and Supply Agent; C. E. Lawton, Auditor and Paymaster; I. E. James, Chief Engineer.

MESSAGES at Western Union office for W. Stewart Taylor and Wm. McGurik.

The bird show held forth again yesterday.

Nothing more horrible has ever been recorded than the ravages of the plague now raging in Morocco. A letter to a gentleman in Washington from the United States Consul at Tangiers, dated March 19th, gives the following account of suffering from famine and from starvation: "All who can are now running away from this most unfortunate country, where famine, cholera and typhus are more than decimating its population. At Tangiers alone we are having from 30 to 40 cases of typhus per day; and at the city of Morocco the daily mortality by typhus is from 200 to 250 persons. The ordeal of death is complete. Parents eat their children, and at Mayador, Saff and Cassebianca the starving Arabs eat their dead. The atmosphere was impregnated with the deadly poisons emanating from the thousands that are half buried and many left out exposed to the sun and rain. European residents take every precaution; nevertheless, nearly half have already succumbed to the dreadful disease. The fatalist Moslems ridicule all such expedients to avoid the contagion, believing that all is written by God, and they must die if so decreed."
